PLEASE READ THE FOLLOWING INFORMATION CAREFULLY:

With the increasing pressures of school and the desire of students to perform at their best and do well in their courses we are offering an opportunity to all year 11 students to attend the seminars that are outlined below. The program is run by Elevate Education, a company that works with many high school students to assist in their preparations for the HSC. By running the program this year we hope to assist students in starting that process early. The program also includes stress management techniques and examination preparation, which many students and parents have voiced concerns about.

The program we are running at Galston High School for Year 11 will have three seminars:

- Ace Your Exams
- Time Management
- Study Sensei

COST: $30.00

These will be run on Wednesday 24th August 2011, from 8.50am to 12.15pm at school. Students will be expected to attend class after the course for the rest of the day and full school uniform is required.

For organization purposes it is crucial that the permission note and payment be made by Friday 12th August, 2011. No payments will be accepted after this date.

Yours Sincerely

Ms P. Wong
